1. Check that you have all of your components and grab a screwdriver.	2. Firstly, take two of the shorter side pieces and screw them into the sides of the surface with corners cut - out.	3. Repeat step 2 for the shelf.	4. Screw through the two angled side pieces into the back piece. Screw down through the top into the walls.
			
5. Align each of your four legs into the gaps left in the shelf. Screw through the holes into the shelf structure.	6. Place your table top over legs and again, screw in through the legs.	7. Position the final piece around the tabletop, aligning it neatly with each edge. Screw in through the outside.	8. Repeat all the previous steps for the next bench. 9. Enjoy!
