Please remove unpainted strips before assembly.

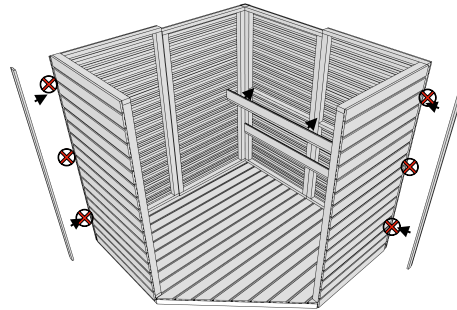

**Product displayed in this picture may differ from the actual product.*

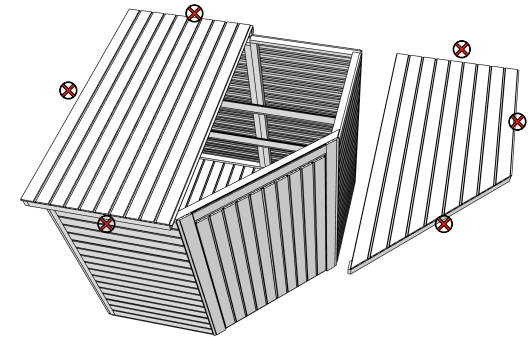

1. Screw together base panel A and base panel B using **four 45mm** wood screws.

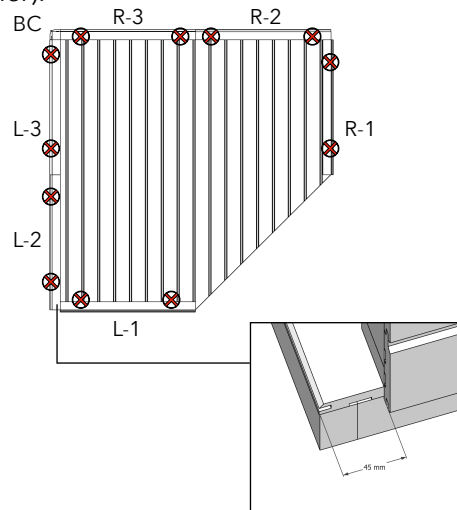

3. Add **trim** and **shelves**. Use **50mm** wood screws

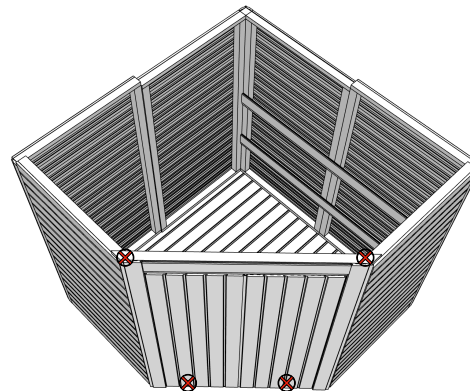

5. Position and screw in place **roof** panels A and B. Use **70mm** wood screws

2. Position the back panels on the base as shown. Use **two 70mm screws for wall-to-base** and **two 80mm screws for wall-to-wall**. Use **three 80mm for wall-to-BC** (back corner).

4. Position **front panel**. Screw it in place using **four 70mm** wood screws. Two screws in top corners and two in the threshold.

**Two screws in threshold*

6. Add **fascias** using **50 mm** screws and apply roof felt using nails and tape provided.
