

2100 NARROW ART UNIT

Assembly Instructions.

Please read these instructions carefully before assembling the unit and where necessary refer to the enclosed Component List.

Additional Tools Required.

Adults Required For Assembly.

Maintenance.

Some residual dust from the manufacturing process may be apparent. This will wipe off with a damp cloth.

Your unit may be cleaned with a damp cloth.

Stubborn marks may be removed with a mild detergent or non-abrasive cream cleaner.

Examine all fasteners periodically and retighten where necessary. Care must be taken not to over tighten the fasteners.

Dry wipe board care.

This white surface may not be compatible with all dry wipe marker pens, as some may leave stains. You are therefore advised to experiment with the pens on the edge of the surface before full usage occurs. After a while, even satisfactory pens may leave some "watermark" effects – Occasional cleaning with a soft, clean, damp cloth should help to minimise this.

An Adult Should **ALWAYS SUPERVISE PLAY!**

This unit is designed for use on a flat level surface.

Please retain our address for future reference
