Please read the warnings and cautions before assembly / use

WARNING!

Adult Supervision Required

This product is designed for young children and therefore supervision is required at all times.

CAUTION!

Adult Assembly

This product must be assembled by an adult.

Protecting the Finish

We recommend assembling the product on a carpeted or equivalent surface to protect the finish.

Indoor Use Only

This product is designed for indoor use only and

User Modifications

We cannot be responsible for modifications made by customers to our products in the field without our supervision, testing, or evaluation.

Maintenance

Regularly Tighten Fixings

Please check the product at regular intervals, and frequently tighten fixings if necessary. If maintenance is not carried out, the product could cease to function properly.

Periodically inspect for cracks, breaks, loose parts, missing parts, and/or malfunctions. Remove the product from service when any condition develops that might make operation unsafe.

Cleaning

Clean the surface using a slightly damp cloth and if necessary a mild dish washing liquid. Furniture polish will also work to dust off and clean the surface. Too much water may harm the finish of the wooden parts.

Do not use any cleaning product containing alcohol, bleach, ammonia or abrasives. These will dull any shiny surfaces on the product. We recommend that you test all cleaning materials on the underside of any surface that would not be seen during normal use of the product.

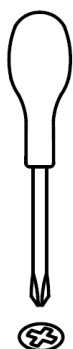

Blackboard

The blackboard board can be cleaned using a soft dry cloth or a slightly damp cloth only.
